PROFILE

Data Science and Machine Learning undergraduate focused on building data-driven applications, predictive models, and analytics workflows. Skilled in Python, SQL, machine learning, data preprocessing, statistical analysis, and data visualization, with hands-on experience developing deep learning and predictive systems.

EDUCATION

Bachelor of Engineering, Computer Science & Engineering

Expected 2027

KS Institute of Technology, Bengaluru

CGPA: 7.72 (through Semester 6)

SKILLS

Languages	Python, SQL, R, Java
Data Science	Data Cleaning, Data Preprocessing, Feature Engineering, Statistical Analysis, Predictive Modeling, Data Visualization
Machine Learning	Machine Learning, Deep Learning, Classification, Regression, Model Evaluation
Frameworks & Libraries	TensorFlow, Scikit-learn, Pandas, NumPy, Matplotlib, Flask
Tools & Platforms	Git, Jupyter, Power BI, Tableau, Excel, Google Cloud, AWS
Databases	MySQL, MongoDB

PROJECTS

Heart Disease Prediction — Python, TensorFlow, CNN, LSTM, Flask

[GitHub](#)

- Developed a deep learning system for heart disease risk prediction using clinical parameters and ECG data, applying data preprocessing and neural network-based classification.
- Built a Flask-based prediction application integrating model inference, real-time user input, and an end-to-end preprocessing pipeline for automated risk assessment.

MangoML — Python, Pandas, Scikit-learn, Machine Learning

- Developed a machine learning system for mango yield and profitability estimation using agricultural and market-related data for data-driven decision making.
- Implemented data preprocessing, feature engineering, predictive modeling, and model evaluation to generate insights for agricultural yield and profitability analysis.

CERTIFICATIONS

Google Data Analytics Professional Certificate

Google (Coursera)

coursera.org/verify/professional-cert/IU04V1YLIMNW

Databases and SQL for Data Science with Python

IBM (Coursera)

coursera.org/verify/CWDUYJRT7PIR

Java OOPs Concepts, R Programming Fundamentals, Unix Linux OS

Infosys Springboard

ACHIEVEMENTS

- Earned multiple Google Cloud Arcade badges through hands-on labs and challenges covering cloud computing, data analytics, and machine learning on Google Cloud Platform.
